Who owns what — positions, people, and team structure

Society of Entrepreneurial Engineers

1 ENGAGEMENT

Responsible for the function of general meetings and events.

Director of Hype
Heidi Cook

Develops the S.E.E. brand and identity through various marketing and communication strategies. Responsible for telling the S.E.E. story.

Engagement Lead
Lachlan Monson

Develops, evaluates, and improves the experience of individuals within S.E.E. events and programs, ensuring real-world alignment and long term retention. Facilitates the connection of students to projects.

Chief of Staff
Kyler Carbine

Responsible for the function of internal systems including meetings, task tracking, and documentation.

Director of External/Industry Affairs
Logan Pickle, Will Dixon

Responsible for the development and maintenance of industry partnerships, alumni network, faculty interface, and capstone alignment.

2 P.A.T.H.

Develops and implements the engineering project creation and completion process.

Director of Projects
Josh Dabell

Manages the development and implementation of projects through the PATH Program.

Director of Execution
Josh Jackson

Responsible for managing project kickoff and assisting teams in establishing an effective cadence of accountability.

Systems Lead
Jaxon Smart

Develops, implements, and maintains necessary infrastructure for the PATH Program.

Manufacturing Efficiency Lead
David Evans

Connects students to manufacturing resources as well as improves ease of access and use of those resources.

Continuous Improvement Lead
Isaiah Crookston

Develops, implements, and manages systems of evaluation and review to ensure high standards are met. Utilizes feedback to inform continuous improvement.

Finance Lead
Easton Fenn

Manages the documentation and function of project finances through the PATH Program.

Director of Communication/Storytelling
Ben Nielsen

Assists teams in effectively documenting the engineering process through multi-media methods.

Easton Guanana

Assists teams in developing a compelling story and telling it through compilation of documentation.

3 INFRASTRUCTURE

Oversees the overall function and decision making of the organization.

Director of Operations
Harrison Corrington

Develops, implements, and oversees the organizational structure and strategies.

Director of Value & Quality
Indi Cole

Maintains high quality in all aspects of S.E.E. and ensures all S.E.E. efforts and experiences provide value.

Director of Finance
Hayden Walker

Oversees the management and acquisition of organizational finances.

INFRASTRUCTURE SETS THE FOUNDATION • P.A.T.H. DELIVERS THE PROJECTS • ENGAGEMENT DRIVES THE COMMUNITY
